Air Conditioning & Heating

# ASPT AIR HANDLERS

**Thank goodness for Goodman.®**

Air Conditioning & Heating

## ARE YOU GETTING THE MOST OUT OF YOUR HOME'S HEATING AND COOLING SYSTEM?

You've taken care to select reliable, long-lasting heating and cooling equipment for your household. Take that attention to quality one step farther by choosing a Goodman® brand ASPT Air Handler.

### ENERGY EFFICIENCY EQUALS COMFORT

#### BEYOND TEMPERATURE CONTROL

Goodman brand ASPT Air Handlers feature a direct-drive, multi-speed ECM blower motor. This reduces the likelihood of hot and cold spots in the house and provides increased efficiency over standard efficiency motors.

#### R-410A REFRIGERANT

Your new Goodman brand ASPT Air Handler will not only provide you with cooling performance for many years, but it also is designed for R-410A refrigerant. Since this refrigerant does not contain chlorine, it is more environmentally friendly than R-22 refrigerant.

### REDUCE INDOOR HUMIDITY

A warm summer day is fine as long as humidity doesn't cause you to break into a sweat when walking from your house to the car. The same applies indoors. You're more comfortable inside your home when the moisture level is lower – just as you are more comfortable outside when it's not as humid.

Goodman air handlers are designed to improve air comfort by lowering indoor moisture levels.

**The SmartFrame™ Sub-Structure –**  
At the core of the new design is the SmartFrame inner skeleton. This skeleton not only adds lateral stability to the chassis, but also provides a mounting location for all internal components and provides additional insulation retention.

- 21" depth for easier attic access
- Foil-faced, glueless cabinet insulation
- Coil-mounting track for quick 4-way, multi-positioning

# IMPRESSIVE FEATURES AND BENEFITS:

## Goodman® brand ASPT Air Handler

### Standard Features

- 1.5- to 5-ton blower capacities
- Efficiency ratings up to 16 SEER
- All-Aluminum evaporator coil
- Multi-speed ECM motor
- Factory-installed filter rack
- Field-installed electric heat from 3-25 kW
- Transformer and blower time-delay
- Multiple electrical knockouts
- AHRI Certified; ETL Listed

### Cabinet Features

- New rigid SmartFrame™ cabinet
- 21" depth for easier attic access
- Foil-faced cabinet insulation
- Painted, leather grain-embossed finish
- Glue-less cabinet insulation retention
- Screw-less sides and back reduce cabinet sweating potential
- Multi-position capability; upflow, downflow, horizontal or vertical
- Coil-mounting track for quick repositioning
- Tool-less filter access
- Easy single-bulb UV light compatibility
- Heavy-gauge bottom plate
- Embossed cabinet and doors increase cabinet strength

### OUTSTANDING WARRANTY\* PROTECTION

\*Complete warranty details available from your local dealer or at [www.goodmanmfg.com](http://www.goodmanmfg.com). To receive the 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

### ADDITIONAL INFORMATION

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

**Thank goodness for Goodman®.**
