

Introducing the PGS Timer Grill & BBQ Island Enclosure

Quick Ship Program

● AEI Corporation in partnership with Gensun, is pleased to introduce our brand new combined PGS "T-Series" gas grill and Gensun prefabricated all aluminum island package. These pre-designed, stylish, durable and easy to assemble BBQ Islands are available in two sizes:

57" to accommodate our twin burner, S27T Newport, and 67" to accommodate our three burner, S36T Pacifica. Our designer timer grill island packages are in stock and ship immediately.

● Leaving the gas on is a real safety hazard and a significant waste of precious energy. Our solution? The PGS FuelStop® - our exclusive built-in mechanical one-hour gas flow timer that shuts off the gas after a maximum one hour of use.

● PGS grills are the most durable, consistent in performance, even cooking and hassle-free grills that you can find on the commercial and residential markets today. We also give you superior craftsmanship in an all cast and extruded aluminum countertop and island. Your outdoor BBQ island and PGS Grill will stand the test of time and endure the elements for years of outdoor enjoyment.

Warming Rack Optional
S27T - #427909
S36T - #436909
