Warranty Period

All ACiQ-branded ACiQ Select Furnaces have a standard limited warranty of a 5 year parts and 10 year heat exchanger warranty from the date of purchase. If registered within 90 days of a residential installation, ACiQ Select Furnaces will be upgraded to an extended limited warranty consisting of a 10 year parts and 20 year heat exchanger limited warranty from the date of initial installation for the original registrant. If at any time the equipment transitions to another owner for any reason the equipment has the 5 year parts and 10 year heat exchanger limited warranty from the date the original limited warranty began. If the equipment is installed in a commercial or industrial setting the equipment holds a 1 year parts and 1 year heat exchanger limited warranty from the date the original limited warranty began. The extended limited warranty is not transferable under any circumstances. The limited warranty will be upheld when the unit has a system failure that has been deemed a factory defect by way of materials or workmanship, and not due to damage caused by improper installation, misuse, unauthorized modifications, or other external factors. Factory defects must be confirmed by an EPA-certified technician for purposes of determining warranty eligibility and the diagnosis must be approved by ACiQ. The limited warranty can either be mailed to ACiQ directly to the address listed, or can be registered online at aciq.com/warranty/ACiQ-warranty-registration/. If registered, all warranties begin on the initial installation date. If unregistered, all warranties begin at the date of purchase.

Heat Exchanger	20	10	10	1

Warranty Resolution Process

In Order For Any Warranty Situation To Be Resolved, The Following Process Must Be Followed

1. An EPA-certified technician must diagnose the equipment and provide a diagnosing procedure, part number or part description that is needed, and the model and serial number(s) of the system in question. ACiQ may also request an original installation invoice at its discretion. This information will need to be submitted to ACiQ before a replacement part is sent out.
2. At the discretion of ACiQ, when all documentation is submitted, an ACiQ technician may elect to reach out to the equipment owner and/or the contractor diagnosing the equipment to attempt to resolve the situation without replacement part(s). This is in an attempt to eliminate part lead times and extensive costs to the equipment owner.
3. Once the warranty paperwork is accepted by ACiQ, a representative will reach out to the system's owner and ask for payment information at the discretion ACiQ as a representative reviews the documentation. If requested, this payment method will be used to pay for shipping and for the part(s) diagnosed as needed on the ACiQ system.
4. Once the faulty part(s) are sent to ACiQ, they will be tested to ensure the issue is a result of a factory fault. If the part(s) are deemed faulty, the amount paid for the part will be reimbursed. Round trip shipping and any labor associated with the diagnosing and part(s) replacement process will not be reimbursed. ACiQ maintains the right to refuse reimbursements for any reason except where prohibited, including but not limited to the conditions provided in this document.
5. Replacement part(s) will be shipped to the owner, dealer, or EPA-certified technician at the discretion of ACiQ.

ACiQ Limited Warranty Conditions

The ACiQ Limited Warranty Only Applies If The Following Conditions Are Met

1. To obtain the extended warranty periods for residential applications, the product must be registered online or by mailing this completed Warranty Certificate to ACiQ within 90 days of original equipment installation. In jurisdictions where warranty benefits conditioned on registration are prohibited by law, registration is not required and the extended warranty period will be applied if it is for a residential application.
2. If the original installation, or purchase date is not verifiable, then the Limited Warranty period begins 90 days after the product manufacturing date. This will be determined by the model and serial number of each product.
3. For subsequent owners of the equipment, the length of the Limited Warranty shown in Figure 1 for subsequent owners will be upheld without the need for further product registration
4. For non-residential applications of the equipment, the length of the Limited Warranty shown in Figure 1 for non-residential applications will be upheld without the need for further product registration.
5. The equipment must be part of an ACiQ-certified system pairing and every system must be operated in complete structures.
6. The entire system must be installed, serviced, and diagnosed by an EPA-certified technician and the installation must be in compliance to your state and local installation codes. Any warranty work must also be fulfilled by a licensed dealer or contractor. Installations must follow all ACiQ installation guidelines as specified in each product's designated ACiQ installation manuals. Failure to follow these guidelines and installation codes may result in any warranty remaining unfulfilled, the installation may fail any potential building inspection that the equipment may be subject to, or improper installation may endanger the equipment or occupants of the dwelling where the equipment is installed.
7. All ACiQ equipment must be operated following the equipment's designated owner's manual and cannot be misused.
8. All ACiQ equipment must be identifiable, identifying information includes, but is not limited to intact faceplate with its specifications, model number, and serial number still legible. Other identifiers may be used at the digression of ACiQ. If the equipment is not identifiable,
9. Upon request, ACiQ reserves the right to request subsequent information such as service and maintenance records of all equipment on the warrantied system, including but not limited to proof of a minimum of a once-a-year maintenance plan.
10. Warranties will only be applicable to products installed at their original installation location and reinstalled equipment will not be covered by any warranty at the discretion of ACiQ.
11. Defective parts must be returned to ACiQ through a servicing dealer or contractor to receive a reimbursement (if applicable).
13. ACiQ products must be installed in the United States for the Limited Warranty to be upheld.
14. ACiQ is not responsible for any delay or extended lead time for parts for any reason whatsoever.
15. All implied warranties of merchantability and fitness for a particular use or purpose are limited in duration to the period for which the Limited Warranty is specified except in jurisdictions where limitations on implied warranties are prohibited.

This Warranty Does Not Cover

1. Any other costs incurred for the diagnosis, handling, installation, operation, removal, repair, service, or shipping of failed parts, replacement parts, or new units. Refrigerant or any costs related to refrigerant will not be supplied.
2. Any product installed in violation to any and all applicable governmental minimum efficiency standards.
3. Standard maintenance not covered under this Limited Warranty designed to cover only parts and compressors.
4. Damage, labor, parts, or repairs required as a consequence of improper shipping and handling, improper installation, improper operation, improper servicing, misapplication, misuse, and/or unauthorized alteration.
5. Damages due to electrical conditions outside of the equipment including but not limited to improper voltage conditions, blown fuses, open circuit breakers, or interruption of any electrical or other service required for use.
6. Damages resulting from flooding, wind, fire, lightning, accidents, corrosive environments, rust, general wear, or other conditions beyond the control of ACiQ. This also includes any damages as a result of any third-party, non-ACiQ approved parts.
7. Any refrigerant needed for installation, warranty, or any other process related to any ACiQ product.
8. Any labor, lodging, transportation, electricity, or any fuel costs associated with any equipment for any reason whatsoever.
9. Any special or indirect commercial damage of any kind, unless your jurisdiction does not allow this exclusion.
10. Any business interruption, loss of anticipated profits, loss of anticipated savings, delay in delivery or change in business activity of any kinc

ACiQ Limited Warranty Arbitrations Clause

Please Review This Arbitration Clause As It Affects You Legal Rights:

1. Parties: This arbitration clause affects your rights against ACiQ and any of its agents, affiliates, contractors, employees, successors, or technicians.
2. Arbitration Requirement: Except as stated below, any dispute between you and any of us shall be decided by neutral, binding arbitration rather than by court or by jury trial.
3. Class-Arbitration Waiver: Arbitration is handled on an individual basis and if a dispute is arbitrated, you and ACiQ expressly waive any right to participate as a class representative or class member on any class claim you may have against ACiQ or that ACiQ has against you. You and ACiQ also waive the right to class arbitration or any consolidation of individual arbitration.
4. Small Claims Court Option: You may elect to litigate any dispute and ACiQ in small claims court instead of arbitration if the dispute meets all requirements to be heard in a small claims court.
5. Governing Law: For residents of the United States, the procedures and effect of any arbitration will be governed by the Federal Arbitration Act (9 U.S.C. § 1 et seq.) instead of state law. The law governing your substantive warranty rights and other claims will be the law of the state from which you purchased your unit. Any court having jurisdiction may enter judgment on the arbitration award.
6. Rules of the Arbitration: If the amount in controversy is less than $250,000, the arbitration will be decided by a single arbitrator. If the amount in controversy is greater than or equal to $250,000, the arbitration will be decided by a panel of three arbitrators. The arbitrator(s) will be chosen pursuant to the rules of the administering arbitration organization. United States residents may choose the American Arbitration Association (1633 Broadway, 10th Floor, New York, NY 10019, www.adr.org), JAMS (1920 Main Street, Ste. 300, Irvine, CA 92614, www.jamsadr.com), or, subject to our approval, any other arbitration organization. These organizations' rules can be obtained by contacting the organization or visiting its website. If the chosen arbitration organization's rules conflict with this Arbitration Clause, the provisions of this Arbitration Clause control. The award of the arbitrator(s) shall be final and binding on all parties.
7. Location of the Arbitration Hearing: Unless applicable law provides otherwise, the arbitration hearing for United States residents will be conducted in the federal judicial district in which you reside.
8. Costs of Arbitration: Each party is responsible for its own attorney, expert, and other fees unless the jurisdiction's law requires otherwise.
9. Survival and Enforceability of this Arbitration Clause: This Arbitration Clause shall survive the expiration, termination, or any transfer of the warranty on the equipment provided by ACiQ. If any part of this Arbitration Clause, except waivers of class-action rights, is found to be unenforceable for any reason, the remainder of this clause and the Limited Warranty shall remain enforceable. If, in a case in which class-action allegations have been made, the waiver of class-action rights under the Limited Warranty is found to be unenforceable with respect to any part of the dispute, the parts of the dispute as to which the waiver of class-action rights have been found unenforceable will be severed and will proceed in court without reference or application of this Arbitration Clause. Any remaining parts will proceed in arbitration.

This warranty gives you specific legal rights. You may have other rights which vary on jurisdiction. ACiQ is not liable for any death or injury resulting from improper installation or misuse of its products. The express warranties made in this Limited Warranty are exclusive and may not be altered, enlarged, or changed by any distributor, dealer, or other person, whatsoever.
