

# AllFuel HST Class-A Chimney Pipe Limited Lifetime Warranty

AllFuel HST Inc. warrants its AllFuel HST® Class-A chimney systems to be free from functional failure due to defects in material or workmanship for as long as the original consumer owns the chimney system. This warranty provides for replacement of any components which fail as a result of normal use on a residential fireplace, wood burning stove, furnace, or boiler.

These chimneys are designed to vent residential heating oil, untreated wood, low Sulphur coal, and natural or LP gas. They are designed to operate at a continuous temperature of 538°C (1000°F) or less. They are not designed to vent condensing oil or gas appliances.

This warranty is void if the chimney is used in an application for which it is not designed. (Note: This warranty is void if the chimney is not installed according to the installation instructions included. In case of a chimney fire, the chimney must be inspected and approved by a certified chimney sweep before use. Chimney fires are dangerous and preventable. We strongly encourage you to have your chimney cleaned regularly according to the installation instructions.)

AllFuel HST Inc. warrants all stainless steel Class-A chimney components against perforation as a result of corrosion. This warranty does not cover damage caused to the building by chimney fires or misuse of the product.

No claims under this warranty will be honored unless AllFuel HST Inc. is notified of the potential claim and AllFuel HST Inc. will only be responsible for repair or replacement of any components found to be defective under this warranty. In no event shall AllFuel HST Inc. be responsible for any incidental or consequential damage caused by defects in the AllFuel HST® chimney system. During the first ten years of the warranty, AllFuel HST Inc. will provide replacement chimney components at no charge. During the balance of the warranty, AllFuel HST Inc. will provide replacement chimney components at 50% of the current retailing price at the time of the warranty claim.

AllFuel HST Inc. will not be responsible for labor of any kind required in the removal or replacement of an AllFuel HST® system replaced under this warranty, nor for the transportation or return of a product, or transportation of replacement product. The AllFuel HST® systems must be installed according to the Installation Instructions included with every system at the time of purchase. Installation must be performed by a trained professional installer defined one of the following: CSIA Certified Chimney Sweeps, NFI

Certified Specialists, or WETT Certified Professionals. After each inspection, maintenance, and cleaning, the certified chimney sweep must fill out and date the appropriate section of the warranty card provided with the chimney system. If you do not have a set of installation instructions, the installation instruction is available online at <https://allfuelhst.com/pages/allfuel-hst-model-af-hst-installation-instructions>.

AllFuel HST Inc. must be notified and given the opportunity to inspect defective product prior to replacement under the term for this limited lifetime warranty. Notification should include a proof of purchase, a description of the product, and model and a description of the product defect. Upon receipt of a written claim under this limited warranty and evidence of the date of purchase or installation, at our option and in our sole discretion, we will provide replacement product with similar or like quality of available product excluding any labor, delivery, and installation costs. We reserve the right to inspect or investigate any warranty claims prior to determining whether to provide replacement product. If, as determined by us, that repair or replacement of the product is not commercially practicable or cannot be completed in a timely manner, we may refund the prorated purchase price paid for the product upon verification by providing a copy of your invoice or receipt of bill of sale.

LIMITATIONS ON INTERNET SALES: Notwithstanding any other terms or conditions of this Limited Lifetime Warranty, AllFuel HST Inc. provides no warranty for the products if such products are not installed by a qualified professional installer: a trained professional installer is defined as one of the following: licensed contractors with prior chimney installation experience, CSIA Certified Chimney Sweeps, NFI Certified Specialists, or WETT Certified Professionals.
