

MASTER Duct Canister, 12" w/ 25 Feet Flexible Duct.

MB-DC1225

Product Description

The Master® MB-DC1225 ducting, used with our ventilators (sold separately), will deliver fresh air to any area in need. Whether you need fresh air for work in an enclosed space, to cool off a hot basement, or if you need extended mold and mildew remediation, our ventilators and ducting are the ideal solution.

All Master ventilators and ducting are built to endure over time, with heavy-duty construction and an ergonomic, portable design. Also included with this ducting is a convenient duct canister for easy portability and storage.
