

MB-P1210-DC25

MB-P1210-DC25

Product Description

The ideal workhorse, this ventilator is perfect for small confined spaces, such as manholes and sewers. This compact unit delivers maximum airflow for a safe, comfortable, and controlled work environment. The ventilator and canister can be purchased as a complete unit or as separate pieces.

The canister is ergonomically designed and keeps 25' length of ducting clean, dry, and contained for ease of transport and longer life.

Features

Yellow for high visibility and increased safety

25' single-ply PVC vinyl-coated polyester ducting included

lightweight for easy portability and stackable to save storage space

Industry-leading dual-wall polyethylene housing
