

PANORAMA COVER INSTALLATION

The Panorama Cover must be installed when not in use for all outdoor applications.

Remove the cover from the packaging. Using the provided hardware install the handles onto the cover. As shown in diagram 1

Diagram 1

Place the plate washer and then a spring washer onto the screw. As shown in diagram 2

Diagram 2

Affix the handles to the front of the Panorama cover using the prepared screws. As shown in diagram 3

Diagram 3

Insert the assembled Panorama cover onto the unit. As shown in diagrams 4 and 5
